according to Regulation (EC) No. 1907/2006 (REACH) according to Regulation (EU) No. 2020/878

Trade name :	108290 - Mercury extra pu	re	
Revision date :	04/11/2022	Version (Revision) :	2.0.0 (1.0.0)
Print date :	15/11/2022		

#### SECTION 1: Identification of the substance/mixture and of the company/ undertaking

#### 1.1 Product identifier

Mercury extra pure (108290) Mercury ; CAS No. : 7439-97-6 ; EC No. : 231-106-7 ; Index No. : 080-001-00-0 ; REACH No. : 01-2119548380-42-XXXX

**1.2** Relevant identified uses of the substance or mixture and uses advised against Relevant identified uses

For manufacturing, processing, laboratory or repacking use only.

Uses advised against

Uses other than those recommended.

## 1.3 Details of the supplier of the safety data sheet

#### Supplier (manufacturer/importer/only representative/downstream user/distributor)

DC Fine Chemicals Ltd

#### Street: 88 Hill Top

Postal code/City: NW11 6DY London United Kingdom

**Telephone :** +44 (0)20 7586 6800

#### **Telefax :** +44 (0)20 7504 1701

Information contact : info@dcfinechemicals.com

#### **1.4 Emergency telephone number**

(Only available during office hours; Monday-Friday; 08:00-18:00)

#### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

#### Classification according to Regulation (EC) No 1272/2008 [CLP]

Acute Tox. 1 ; H330 - Acute toxicity (inhalative) : Category 1 ; Fatal if inhaled.

Repr. 1A ; H360 - Reproductive toxicity : Category 1A ; May damage fertility or the unborn child. STOT RE 1 ; H372 - STOT-repeated exposure : Category 1 ; Causes damage to organs through prolonged or repeated exposure.

Aquatic Chronic 1 ; H410 - Hazardous to the aquatic environment : Chronic 1 ; Very toxic to aquatic life with long lasting effects.

#### 2.2 Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP] Hazard pictograms

Skull and crossbones (GHS06) · Health hazard (GHS08) · Environment (GHS09)

## according to Regulation (EC) No. 1907/2006 (REACH) according to Regulation (EU) No. 2020/878

108290 - Mercury extra pure		
04/11/2022	Version (Revision) :	2.0.0 (1.0.0)
15/11/2022		
	04/11/2022	04/11/2022 Version (Revision) :

Signal word DANGER	
Hazard statements	
H330	Fatal if inhaled.
H360D	May damage the unborn child.
H372	Causes damage to organs through prolonged or repeated exposure.
H410	Very toxic to aquatic life with long lasting effects.
Precautionary state	ments
P202	Do not handle until all safety precautions have been read and understood.
P260	Do not breathe dust/fume/gas/mist/vapours/spray.
P310	Immediately call a POISON CENTER/doctor.
P320	Specific treatment is urgent (see on this label).
P403+P233	Store in a well-ventilated place. Keep container tightly closed.
P405	Store locked up.
P501	Dispose of content / container in accordance with procedures.
Special rules for sup	pplemental label elements for certain mixtures
O220	Restricted to professional users.

#### 2.3 Other hazards

None

#### SECTION 3: Composition/information on ingredients

#### 3.1 Substances

Substance name : Mercury Index No. : 080-001-00-0 EC No. : 231-106-7 REACH No. : 01-2119548380-42-XXXX CAS No. : 7439-97-6 Purity : 100 % [mass]

#### SECTION 4: First aid measures

Immediate medical attention is required. Delayed effects may occur after the exposure to the product.

#### 4.1 Description of first aid measures

Remove contaminated, saturated clothing immediately. After contact with skin, wash immediately with plenty of water and soap. In case of skin reactions, consult a physician. After contact with the eyes, rinse with water with the eyelids open for a sufficient length of time, then consult an ophthalmologist immediately. If accidentally ingested, seek immediate medical attention, NEVER induce vomiting. Remove victim out of the danger area. In case of inhalation take the victim into open air; keep them warm and calm. If breathing is irregular or stops, perform artificial respiration.

#### 4.2 Most important symptoms and effects, both acute and delayed

Accidental contact may result in serious respiratory difficulties, alteration of the central nervous system and in extreme cases, unconsciousness.

#### 4.3 Indication of any immediate medical attention and special treatment needed

Request immediate medical attention. Never administer anything orally to persons who are unconscious. Do not induce

Page : 2 / 10

## according to Regulation (EC) No. 1907/2006 (REACH) according to Regulation (EU) No. 2020/878

Trade name :	108290 - Mercury extra pure		
Revision date :	04/11/2022	Version (Revision) :	2.0.0 (1.0.0)
Print date :	15/11/2022		

vomiting. If the person vomits, clear the respiratory tract. Keep the person comfortable. Turn him/her over to the left side and stay there while waiting for medical care.

#### SECTION 5: Firefighting measures

The product does not present any particular risk in case of fire.

5.1 Extinguishing media

#### Suitable extinguishing media

Extinguisher powder or CO2. In case of more serious fires, also alcohol-resistant foam and water spray.

#### Unsuitable extinguishing media

Do not use a direct stream of water to extinguish. In the presence of electrical voltage, you cannot use water or foam as extinguishing media.

#### 5.2 Special hazards arising from the substance or mixture

In case of fire may be liberated: Pyrolysis products, toxic

#### 5.3 Advice for firefighters

Use water to cool tanks, cisterns, or containers close to the heat source or fire. Take wind direction into account. Prevent the products used to fight the fire from going into drains, sewers, or waterways.

#### Special protective equipment for firefighters

According to the size of the fire, it may be necessary to use protective suits against the heat, individual breathing equipment, gloves, protective goggles or facemasks, and boots.

#### SECTION 6: Accidental release measures

## 6.1 Personal precautions, protective equipment and emergency procedures

Clear spills immediately.

#### For non-emergency personnel

Wear a self-contained breathing apparatus and chemical protective clothing. Remove persons to safety.

#### For emergency responders

Eliminate possible ignition points and ventilate the area. No smoking. Avoid breathing fumes. For exposure control and individual protection measures, see section 8.

#### 6.2 Environmental precautions

Dangerous product for the environment. Do not allow to enter into surface water or drains. In case of gas escape or of entry into waterways, soil or drains, inform the responsible authorities. Retain contaminated washing water and dispose it.

#### 6.3 Methods and material for containment and cleaning up

#### For containment

Collect in closed and suitable containers for disposal.

#### For cleaning up

The contaminated area should be cleaned up immediately with: Water Soak up inert absorbent and dispose as waste requiring special attention. Absorb with liquid-binding material (sand, diatomaceous earth, acid- or universal binding agents). Avoid dust formation.

#### 6.4 Reference to other sections

Reference to other sections Disposal: see section 13 Personal protection equipment: see section 8

#### SECTION 7: Handling and storage

7.1 Precautions for safe handling

(refer to section 8).

#### Measures to prevent aerosol and dust generation

Use only in well-ventilated areas. Do not breathe gas/fumes/vapour/spray. Do not breathe dust.

#### Environmental precautions

Use appropriate container to avoid environmental contamination.

Specific requirements or handling rules

Handle and open container with care.

#### Advices on general occupational hygiene

Handle and open container with care.

### 7.2 Conditions for safe storage, including any incompatibilities

#### Technical measures and storage conditions

Storage temperature :

Keep in a cool, well-ventilated place. Protect against UV-radiation/sunlight Humidity.

#### Requirements for storage rooms and vessels

Only use containers specifically approved for the substance/product.

#### Hints on joint storage

Store at least 3 metres apart from: Chemicals/products that react together readily **Storage class (TRGS 510) :** 6.1B

#### 7.3 Specific end use(s)

None

#### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

None

#### 8.2 Exposure controls

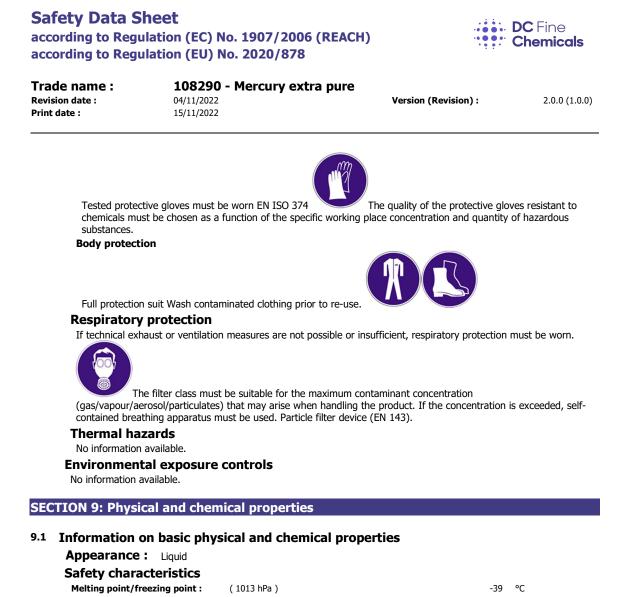

Only wear fitting, comfortable and clean protective clothing.

#### Personal protection equipment Eye/face protection

Eye glasses with side protection Face protection shield EN 166 Skin protection Hand protection

#### 11.2 Information on other hazards

No information available.

#### SECTION 12: Ecological information

#### 12.1 Toxicity

#### Aquatic toxicity

#### Acute (short-term) fish toxicity

Parameter : Species : Evaluation parameter : Effective dose : Exposure time : LC50 ( Mercury ; CAS No. : 7439-97-6 ) Gambusia affinis (Mosquito fish) Acute (short-term) fish toxicity 0.9 mg/l 96 hour(s)

## 12.2 Persistence and degradability

No information available.

12.3 Bioaccumulative potential

No information available.

12.4 Mobility in soil

No information available.

### 12.5 Results of PBT and vPvB assessment

This substance does not meet the  $\mathsf{PBT}/\mathsf{vPvB}$  criteria of REACH, Annex XIII.

#### 12.6 Endocrine disrupting properties

No information available.

### 12.7 Other adverse effects

No information available.

#### SECTION 13: Disposal considerations

#### 13.1 Waste treatment methods

The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process. Do not dump into sewers or waterways. Waste and empty containers must be handled and eliminated according to current, local/national legislation. Follow the provisions of Directive 2008/98/EC regarding waste management.

#### Product/Packaging disposal

#### Waste treatment options

Recycle according to official regulations. Evidence for disposal must be provided.

#### Appropriate disposal / Product

Dispose of waste according to applicable legislation.

#### 16.6 Additional information

None

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
