

Specification

Formula Hill: $(C_2H_5)_2N \cdot CS_2Ag$
Molar Mass: 256,14 g/mol
CAS N°: 1470-61-7

Print Date: 19 January 2021

123330 Silver diethyldithiocarbamate, ACS

	Specifications
Infrared Absorption	conforms
Appearance	
- Greenish-yellow	conforms
- Powder	conforms
Melting point	
- Aprox. 175°C	conforms
Solubility	
- Insoluble in water	conforms
Solubility	
- In pyridine	conforms
Suitability for determination of arsenic	conforms

Conforms to: ACS specification

Storage: +2 - +8°C

Transport Conditions: no special conditions required
