The Commission Regulation (EC) No 1881/2006 of 19 December 2006 setting maximum levels for certain contaminants in foodstuffs.

In his production process the manufacturer must not use materials with contaminant contents higher than certain limits set by the above-mentioned regulation.

We confirm that this product does not contain aflatoxins and mycotoxins.

Furthermore, the product has not been in contact with any substance containing aflatoxins, and no risk of aflatoxins and mycotoxins contamination exists during the manufacturing process.

As a supplier of raw materials, we have neither influence on the storage conditions outside our premises nor on further production conditions and can, therefore, not guarantee the absence of mycotoxins.
