

# Specification

**Formula Hill:**  $C_6H_6Na_3O_9P \cdot xH_2O$

**Molar Mass:**

**CAS N°:** 66170-10-3

Print Date: 15 July 2022

124680 2-Phospho-L-ascorbic acid trisodium salt

## Specifications

|                                       |            |
|---------------------------------------|------------|
| Purity (HPLC)                         | ≥ 95,0 %   |
| Appearance                            |            |
| - White to light brown or pale yellow | conforms   |
| - Powder                              | conforms   |
| pH                                    | 8,0 - 11,0 |
| Solubility (3% in water)              | conforms   |
